Each week, we will be focusing on 5/6 words from the Year 5 & 6 spelling list. We will be breaking the word up in chunks to remember the spellings, putting them into sentences and writing dictated sentences. Following on from this, we will be looking at a phoneme/spelling rule and adding suffixes. A spelling list for each term will be provided so that children can practise at home. It is also important to continue to revise spelling lists from previous years.
