Internet

TIPS FOR PARENTS AND CARERS: Online Safety – Let's Talk About It! This week we are thinking about balancing screen time. Children today use screens for learning, play, and socialising, so it's important to help them develop a healthy balance. Too much screen time can

impact sleep, physical activity, and family time. Setting clear routines, such as screen-free times before bed or during meals, can help children understand limits. Encouraging a mix of activities, including outdoor play and hobbies, supports a more balanced lifestyle.

CAPEL COWBOY SUMMER FESTIVAL

SPELLINGS

To support all children in developing confidence with new words and vocabulary, we ask that weekly spelling activities are completed at home wherever possible. We do however, understand for a variety of reasons, this might not always be achievable. Therefore, any child who has not been able to complete their spellings during the week will be able to do so with the support of a class teacher at the start of lunchtime on Friday. The activity only takes a few minutes, but establishing a consistent routine is an important part of helping children build their spelling knowledge, confidence and independence.
